THE ILLUMINATING FABRIC

KANVASLIGHT®

IBEX 2021

Innovation
Award Winner

CAMX 2022

Most Creative
Design Award

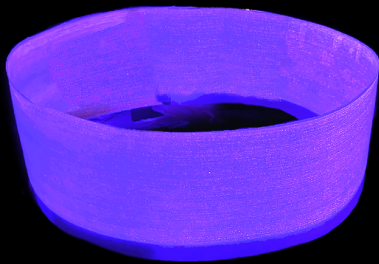

DAME

Design
Award

Kanvaslight has entered into the composites industry and increased their presence in the textile industry by partnering with companies including Structural Composites Inc. and Spradling. With new products such as Beacon and LamLight, and introducing new RGBW Light Injectors and Optical Wires, the Kanvaslight of last IBEX has grown into an even greater and more innovative product than ever before.
