**New At IBEX: Award-Winning KanvasLight®  
Integrated Illuminating Fabric  
Booth 3-119, September 28-30**

**WATCH ▶**

DAME award- winning integrated illuminating fabric Kanvaslight® will make its IBEX debut in Tampa Convention Center booth 3-119 next week.

Using woven optical fibers and LED lights, UL approved and CE certified Kanvaslight can be safely used in a wide range of applications, including bimini tops, sun shades and seating. No electricity flows through the fabric.

[Click here](https://www.youtube.com/watch?v=8Hzv4_000UA) (link to: [https://www.youtube.com/watch?v=8Hzv4\\_000UA](https://www.youtube.com/watch?v=8Hzv4_000UA)) or on the image above to watch a Kanvaslight demonstration video.

The patented technology allows the use of textile structures to create broad lighting surfaces producing perfectly diffused light. Designed to withstand extreme conditions on the water, the integrated lighting creates a clean-line installation that is visible only when illuminated.

For more information about Kanvaslight, visit booth 3-119 at IBEX 2021 or <https://kanvaslight.com>.
